3 PERSONAL FIELD SECURITY TRAINING - JANUARY 3, 4, 5 / 6, 7, 8 / 10, 11, 12

This Personal Field Safety Training (PFST) has been specially designed to improve the preparedness and raise awareness of Aid Workers, working in medium / high risk environments. It will equip participants with the necessary knowledge and tools to manage critical situations and potentially fatal.

SAFE DRIVING & FIRST AID - JANUARY 10, 11, 12

This training is developed by humanitarian specialists for humanitarian workers. It will allow participants to anticipate threats when traveling, to increase their technical knowledge and their control of the vehicle. It aims at preparing them to better manage emergency situations; including aspects related to First Aid in specific situations that may arise when traveling.
