TARGET AUDIENCE

Anyone travelling to moderate to high risk countries

GOAL

To prepare and equip participants for high risk complex, fragile and hostile environment. Through a participatory approach, the pedagogical team ensures that the attendees develop their knowledge, skills and know-how.
More than any other, the HEAT allows optimal immersion.

LEARNING OBJECTIVES - THE AKS APPROACH

Awareness

Raising participants' consciousness by developing their abilities to understand their operational environment and their organisation's security approach.

Knowledge

To increase participants' understanding of good practices when facing day-to-day security risks.

Skills

Develop and implement basic techniques and tools that each participant should master in order to analyse the risks of the environment and to be able to react to emergency situations.

HOSTILE ENVIRONMENT AWARENESS TRAINING HEAT

DEVELOPED TO PROVIDE PARTICIPANTS WITH THE NECESSARY SKILLS TO ANTICIPATE AND FACE THREATS PRESENT IN THEIR OPERATIONAL CONTEXT. THIS TRAINING FOCUSES ON GOOD PRACTICES AND PRACTICAL ASPECTS. A LARGE PART OF THE TRAINING IS DEDICATED TO ADVANCED SIMULATIONS AND FIRST AID/TRAUMA.
